

# What is Knitting Network?

Knitting Network started in 2006 as Craftshare, with the intent of forming a group that would provide a social and creative outlet for it's members. The Junction Neighbourhood Centre provides the venue and support for this group but it's members determine it's activities.

## Where & When does Knitting Network meet?

This group meets every **Monday** on Level 3 of the Bowen Library

**Start: 12 midday**

**Finish: 2.30pm**

This is a large meeting space in air conditioned comfort with kitchen facilities. The library is right on a bus stop and has disability parking in the undercover parking area. If transport is a problem for you please speak to Kim or Alexis at The Junction Neighbourhood Centre. 9349 8200

## What do they do?

The main project underway is the *Wrap with Love Project*. The members knit squares that are then arranged and sewn into colourful rugs that are distributed world wide to people in need.

A knitting & crochet teacher is available for anyone who wants to learn. You can knit, sew, wind wool, work on your own craft projects, or just sit and chat.

Guest speakers and social outings may be organised by the members.

The Junction Neighbourhood Centre also offers the members access to other programmes and workshops as they become available eg. Women's counselling programmes, computer workshops, special celebration days.

## How do I join ?

Come along any Monday and join in the fun or speak to Kim on 9349 8200 if you would like a personal introduction to the group.

Tea & coffee supplied  
No membership fees.

Contributions of wool or needles are gratefully accepted.

## What do I need to bring?

Most members bring along their lunch. Wool & Knitting needles are sometimes available but it is helpful if you could bring along a pair of size 4/8 needles and some 8 ply yarn. The room is air conditioned so bring a cardigan or wrap as some find it cool.

## Other Affiliated Knitting Groups

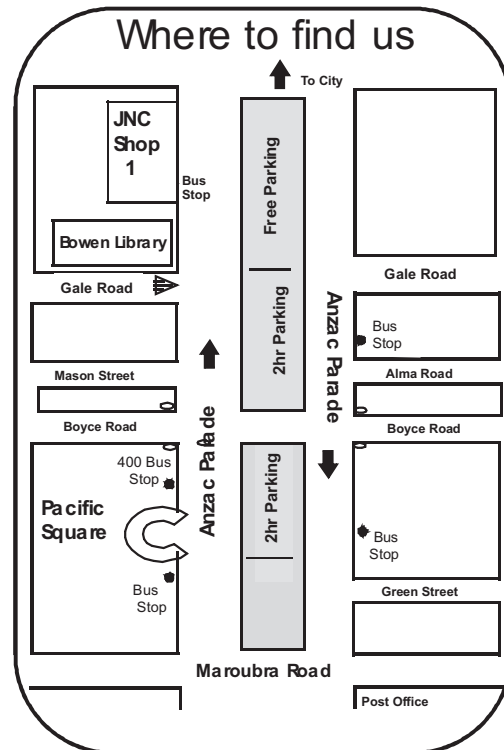

Wraps with Love knitting group hold regular Knit Ins on the last Friday of the month at **The Randwick Library**

# A story from Wrap With Love

Cold humanity is  
their concern.

A Sister from a mission in Papua New Guinea wrote: 'Kanabea is a very remote place with 3,000 people living in different villages. It is very cold as it is 7,000 metres above sea level. The children suffer from malnutrition. Life for the people in the mountain isn't too easy, yet their simplicity and friendship is remarkable. We are greatly appreciative of your help - we are helpless to provide for all.

Many people have benefited from the generosity of Wrap with Love. Thanks to you and all those who assist in your great work'.
