

Safe Home Visiting

Overview

Do you visit clients in their own homes? Come along and learn about the possible physical and emotional risks you and your workers/volunteers face when visiting clients. Be introduced to procedures and strategies to ensure worker/volunteer physical and emotional safety when visiting clients and their families.

Participants will have the opportunity to:

- ✓ explore risk assessment in home visiting
- ✓ understand good practice procedures and strategies when home visiting
- ✓ understand basic principles of infection control and precautions at home
- ✓ explore appropriate strategies to support workers' physical and emotional safety.
